

When **Team Image** head coach Sylvia Muccio, relocated from Chicago, she introduced the New York City Metropolitan area to the sport of Precision Skating. Originally started as a class, local skaters made up the first team which performed in the Ice Show at the E.J. Murrays skating center in Yonkers, New York.

With the formation of the Yonkers Figure Skating Club in 1987, **Team Image** would now have a club to represent at USFSA competitions. In 1988, the Yonkers Figure Skating teams were formed. Originally competing as the Ice Images, Ice Imagettes and Mirror Images, the local Yonkers Figure Skating Club skaters enjoyed success, advancing to the National Championships and attracting skaters from the Tristate area. Precision Skating would eventually be known as Synchronized Skating, and in 1999, the Yonkers Figure Skating Club Skaters would be known as Team Image.

Throughout the past 24 years, **Team Image** teams have competed in every USFSA qualifying Division. Along with the Novice and Intermediate teams, Team Image Juvenile, Junior and Senior teams have consistently medaled at Sectionals and advanced to the National Championships. At the 2009 US National Championships, the Team Image Intermediate Team skated a nearly perfect performance, earning a Gold Medal and making them the 2009 Nationals Champions

Today, the **Team Image** organization is made up of over 80 skaters from New York and Connecticut who form 6 teams.

Team Image is a community of coaches, skaters, and their families, working together to provide children and young adults with a rewarding, competitive, and educational experience.

Team Image skaters learn sportsmanship, teamwork, and discipline as well as the skills to be National Competitors, while making positive memories they will carry with them for a lifetime.
